

FEEDBACK OF THE MEETING

21/03/2019

Understand the different types of users: students, companies and researchers. Put important content in the main page for each one of them.

Check summerofcode.es

Promote more our projects, our succeed in a new section called **Use Cases**

Projects should also have the research area link in its page.

Change the “News” section name.

View all in the publications of a specific person should be directed to a link in a separated website, not in OEG.

Tags in every page in the bottom of the title.

Other resources box in the project page.

People hobbies, futbol, etc. new photos.

FAQ!! Really important

Everyone should be able to change the website. → later discussion
